

BUSINESS GAS PLANS

The City of Norcross and Gas South have formed a new alliance to save Norcross City businesses money on their natural gas purchase, with special or customized rates.

Contact the marketing team for your size business (below) to discuss your businesses personal options... switching is easy- Gas South will take care of everything.

Small Business

Our Small Business segment serves businesses that use less than 3,000 therms annually. Examples of customers in this category include retail or office space, boutiques, hair salons and businesses located in office complexes or shopping centers.

Business Rate Plans

Gas South is committed to providing Georgia businesses with clear and simple natural gas rate plans. Check out our business rate plans and learn more about our *Clear Price Promise*.

Sign Up for New Service

Need natural gas service turned on at your business or ready to switch your service from another natural gas provider to Gas South? Gas South serves metro Atlanta and most Georgia communities. Signing up for natural gas service online is simple.

Change or Renew Your Rate Plan

Did you receive a renewal notification that your business rate plan is about to expire or are you just ready to lock in a fixed rate plan? Changing your natural gas rate plan online is simple with Gas South's Online Account Services.

Reconnect Your Natural Gas Service

Many Georgia businesses choose to turn off their natural gas service to save money. Ready to have your service turned back on? Complete a simple form and Gas South will have your natural gas service reconnected.

Customer Service

Have a question about your natural gas service or bill? Get information about Gas South products and services, how you can pay your natural gas bill, and ways you can contact us.

Phone: 1-877-332-5442.

Mid-Market Business

Our Mid-Market Business segment serves businesses that use between 3,000 and 30,000 therms annually, at either a single location or in aggregate at multiple locations throughout Georgia. Examples of customers in this category include restaurants, dry cleaners and churches.

Gas South would be happy to help your mid-market business with your natural gas needs. Please contact our mid-market sales team at the email or number below:

Customized Rate Plans

Gas South offers customized rate plans based on your business* natural gas usage. We have a dedicated mid-market sales team who can help you determine the best rate plan for your business. Gas South offers the following rate plans:

*Fixed—This rate plan provides a consistent rate per therm for a 12 month period.

*Market Tracker - This rate plan fluctuates month to month with the NYMEX natural gas market.

*NYMEX Capped - This rate plan is similar to our Market Tracker, except that it's capped at a specific rate. If the NYMEX natural gas market exceeds that rate, the customer only pays the capped rate.

Price Watch

Not quite ready to lock in a fixed rate? Tell us the 12 month fixed rate you are looking for and we will watch the market, notify you and lock it in when it becomes available. To take advantage of Price Watch, just notify your mid-market representative.

Large Business & Industrial

The Large Business and Industrial segment serves businesses that use over 30,000 therms annually, at either a single location or in aggregate at multiple locations throughout Georgia. Examples of customers in this category include manufacturing, restaurant groups, state and federal government facilities and school systems.

Gas South would be happy to help your large business with your natural gas needs. Please contact our large business and industrial team at the email or number below:

Dedicated Account Managers

Gas South wants to learn more about your business. Our account managers are available to review your natural gas service needs and find opportunities to help you save money.

Customized Rates

Gas South offers Large Business and Industrial customers customized rate plans based on your business* natural gas needs. Our customized offers include fixed, NYMEX adder and seasonal rate plans as well as additional products designed to meet the specific demands of our Large Business and Industrial customers.

Group Billing

Group Billing allows businesses to receive fewer natural gas bills and process billing more efficiently. Any Gas South business or industrial customer that has multiple accounts qualifies. Atlanta Gas Light Company (AGLC) will continue to read your natural gas meters and your accounts will be consolidated on one Gas South Group Bill each month. There is no limit to the number of accounts that can be placed on a group bill.
