

Charles (Chuck) Kays

Born and raised in Indiana, my family and I relocated from Indianapolis to Norcross, GA two years ago. With a degree in Marketing and a MBA from Indiana University, I spent 23 years with a major Telcom provider in sales and the past 6 with the second largest healthcare provider (US) in contract, vendor, and pricing management. This includes working with Healthcare, Government, and Education entities across multiple states. My current company offered me the option to move to Atlanta from Indianapolis to better serve the team members I support within the organization. I cannot be more thankful for moving to the Atlanta/Norcross area as the opportunities are endless.

My interest in running for a political office has long been a passion of mine to serve the community in which I live. With a daughter recently graduated from undergraduate school, and now pursuing a law degree, the time seemed right to give back to those that have blessed us since our move. Norcross provides that sense of friendship, involvement, acceptance, and warmth that all individuals seek to find in a city or town. It is a diverse community thriving on the same moral and value foundations I found in Indiana.

As an avid student of history, I am currently on the Friends Board of Perryville (KY) Board, a member of Cobb County Civil War Association, Friends of Kennesaw Mountain Battlefield, and serve on the Norcross Historical Preservation Board. This includes independent research and study of historical events for several organizations for the purpose of land preservation and historical education.

My campaign will be one of the “people’s voice” focused on the issues that are important to our citizens. Preserving our historical past and unique community is crucial while focusing on growth opportunities that don’t disrupt our beautiful city. I am passionate about the safety and security of our community and fully support our first responders and city staff that work hard every day to help others. Local businesses need our support to continue to succeed, and I will work tirelessly on their behalf. Schools, the lifeblood of our future, need more support than ever, and I would encourage more support from our city and citizens. Our diverse community spans multiple cultures and backgrounds which offers Norcross a unique opportunity to be a pillar of inclusion for all. Lastly, fiscal responsibility is critical to ensure maintaining our excellent level of services, while not encumbering our citizens with undo taxes during these difficult financial times.

I am asking for your vote on November 7th! As a citizen of only two years, I can bring knowledge of the successes and challenges from cities not only in Georgia, but other cities as well. Norcross needs a fresh voice for the people, one that is not reliant on past successes or encumbered by past biases and beliefs. The city is changing quickly, and I am confident I can serve our citizens with renewed energy, passion, conviction, and integrity to make Norcross a “Place to Truly Reimagine”. Please consider me the representative of your voice.
