

Hello Norcross. My Name is Andrew Hixson, and I've had the privilege of living and serving in Norcross for the past 22 years, including 10+ years on City Council and 8 years on Gwinnett County CID. My wife, Yarden, and I moved from Pinnacle Point to Barton Street in 2015 to be close to our extended family. Our daughter, Sarah, joined us in 2020, and it is my joy to walk her to Thrasher Park, where she plays with friends from the community and where happy memories are being made. Norcross is our home.

My initial goal in running for public office was to maintain Norcross' historic character while, at the same time, helping to plan for our city's future. Over the years, countless projects, including the design and building of Lillian Webb Park, securing a new Library, and establishing Pinnacle Park, have been part of this dream. This careful planning and public investment have produced many Economic Development wins, such as the FedEx Distribution Center, Hyundai Heavy Equipment, The BroadStone, and the Brunswick. But the job is not yet done.

Looking to the future, I want to ensure that Norcross is a safe place for all of our families to thrive. One of the ways we do this is by equipping our police force with the tools they need to reduce crime, things like new officers, new vehicles, state-of-the-art communications equipment, and the extension of our co-responder program.

I'll also be working to invest in our aging infrastructure by paving roads, burying power lines, and connecting our parks and downtown areas by utilizing walkable and bikeable paths.

Developing new comprehensive parking solutions to support our downtown merchants and ease the burden on visitors needs to happen quickly. We want our downtown, with its timeless charm, to remain competitive with our neighboring communities. We need our businesses to prosper.

It's important to me to hear your voice. As a member of your Council, I'll continue to provide residents with opportunities to engage in governance in unique ways, such as Walk with Council, Coffee with Council, and Cookout with Council. I'll also continue to hold open office hours monthly.

I have loved seeing our city grow and watching new families come and invest their time and resources in our community. It's been an honor to be part of Norcross' success. But I am even more excited about what lies ahead.

I ask for your vote in this re-election to keep Norcross a Place to Imagine, again and again and again.
